EARLY LITERACY TIP

Sing, Talk, Read, Write, Play

Sing, Talk, Read, Write, and Play are the five early literacy practices. These simple, powerful practices help to establish a strong foundation for early literacy in young children. Every experience is a chance for learning and remembering to do

these practices with young children helps to get them ready to read.

These practices are demonstrated at our storytimes, programs for ages 0-5, and they are supported in our Family Place Children's Spaces. Build early literacy with us!

ACTIVITIES AT HOME

Sing

When singing songs, clap along to help children hear syllables and improve motor skills.

Talk

Ask open-ended questions to encourage more than a one-word response from your child.

Read

Share books and stories that you love and let your child turn the pages as you read a book.

Write

Encourage scribbling and coloring! This is the beginning of learning how to write.

Play

Use everyday objects around the home when you play together. Kids can do a lot with a box, sticks, pots and pans, and more!
